INSTRUCTIONS

1. From your pack of FC3C square card choose your colour scheme. You will need a full piece of card for your background and your choice of colours for your owls.
2. Using the templates provided cut out each section of your hugging owls, make sure you use the colours you want for each section.
3. Before you glue each section of your piece together, place them on the back card how you would like them to look so you can make sure you get the end result you require.
4. Glue each section of your owls together, starting with the bodies to the backing card and then the wings.
5. To finish off create legs, eyes and a nose for each of your owls. You can do this in a number of ways. In our example we have used pieces of square card as well.
