INSTRUCTIONS

1. Choose six colours from the Kinder Circles. This time we have gone with a rainbow colour theme.

2. Fold each circle in half.

3. Glue each colour back to back in the coloured sequence you want.

4. Before you glue the last two colours together, cut a piece of your Raffia to size. Place the Raffia in the middle of your circles and glue the last two colours together. You may need to fold your circles around a few times to get similar spacing between each colour.

To use simply blow gently as you hold the Raffia in each hand.
