INSTRUCTIONS

1. Print off the templates straight onto your Spectrum Board. Templates are set up on A3 size paper.
2. Cut out the box and bunny from the templates. If using a scalpel gently run the blunt end across the dotted lines to help with your folds.
3. Fold you box together and stick flaps with tape or glue. A good tip is to fold the box so any left over template marks are on the inside of box.
4. Draw on your bunny face and stick to your box.
