

Craft Project

Difficulty: **Beginner**

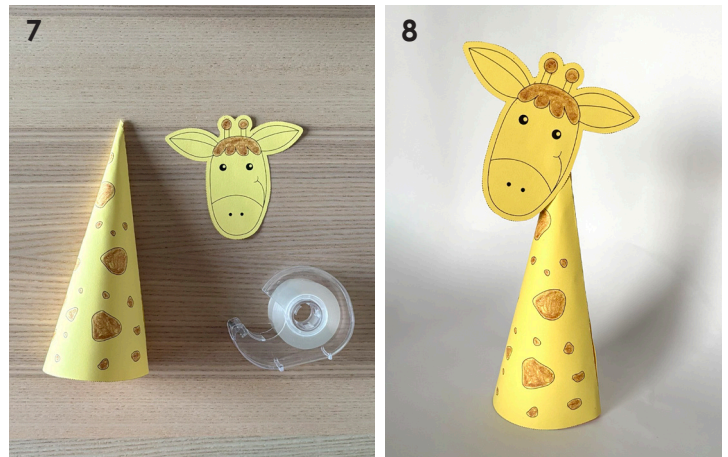

Note: Some adult assistance required

systemboard | Giraffe

INSTRUCTIONS

1. Print the giraffe template on system board. Have scissors or a scalpel ready for cutting. If you're using a scalpel, ask for help from an adult to ensure safety.
2. Carefully cut along the lines to separate the giraffe's head and the cone template. Try to keep the edges smooth for a neat final look.
3. Color the Giraffe: Use crayons or markers to color in the giraffe's spots and hair. Add any extra details you'd like!
4. Fold along the dotted line to start shaping the cone.
5. Spread glue along the folded edge to secure the cone.
6. Gently roll the piece into a cone shape and press the glued edges together until secure.
7. Use clear tape or glue to attach the giraffe's head to the tip of the cone. Make sure it's centered and stable. Let the glue dry, then admire your completed giraffe craft!

PRODUCT:

- RSBA4150PA Pastel

TOOLS

- Scissors or a Scalpel
- Colouring Materials (crayons, coloured pencils)
- Glue stick and tape
- Printed template
