INSTRUCTIONS

1. From your pack of 1482955 Rainbow Assorted Poster Board choose the colours you want to use. You can use Rainbow Poster Board or any other Rainbow Paper Product for your background.
2. Using the Hugging Owl templates cut out each section of your Hugging Owls. You can either lay the template straight over the top of the Rainbow Poster Board and cut directly or trace the designs on to the Rainbow Poster Board and cut. Make sure you remember the colours you want for each section of the Owls and cut out the appropriate shape.
3. Before you start to glue it all together, it is a good idea to place each section down on your background and play around with your layout and how you want to look. That way you can make sure you get the finished look you desire.
4. Glue each section of your Owls together, starting with their bodies to the background and then the wings.
5. Finish of your Owls be adding their legs, eyes and beak. At this point you may like to add some detail to your picture by drawing in some pictures like trees and clouds.
