

Craft Project

Difficulty: **Beginner**

Note: Some adult assistance required

systemboard | Lady Bug Valentines

INSTRUCTIONS

1. Print the lady bug template on system board. Have scissors or a scalpel ready for cutting. If you're using a scalpel, ask for help from an adult to ensure safety.
2. Carefully cut along the lines to separate the lady bug parts and the cone template.
3. Fold the left and right part of the heart and bring the ends to the center making it a heart shape.
4. Grab a marker or colouring pen and colour the head, the legs, and antenna black.
5. Grab a piece of white paper and draw a smiley face: eyes and smiley mouth. Cut out the eyes and smiley mouth.
6. Glue the eyes, mouth and antennas on the head together.
7. Attach the head on the top part of the heart.
8. On the back part of the heart, glue the legs. Three legs on the left and three legs on the right.
9. Show the front part of the lady bug, fold the legs to create a zigzag pattern. Grab a marker and draw black circles for the lady bug pattern.
10. Write your special message inside and give it to someone to make their Valentines Day extra special!
