

posterboard | Lion

INSTRUCTIONS

1. Cut out the following shapes from the poster board: A yellow semicircle for the lion's body. A round orange shape for the lion's mane. A smaller yellow circle for the lion's face. Two small ear shapes (using yellow poster board).
2. Assemble the Lion's Head: Take the yellow circle and attach it to the top of the yellow body. Position the orange shape (mane) around the yellow circle to create the head. Place the two yellow ear shapes on top of the head, near the sides.
3. Cut out a white oval for the lion's mouth and attach it to the center of the face. Create a tail using a thin strip of yellow poster board, adding a small orange tip at the end. Attach the tail to the back of the lion's body.
4. Use markers or crayons to draw eyes, a nose, and whiskers on the lion's face, or cut out additional white paper and draw the eyes of the lion. Feel free to add any other decorative elements to personalize your lion!

TOOLS

Scissors
Glue or double-sided tape
Marker or crayons (for adding details)

PRODUCT:

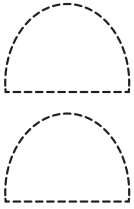

- 1482955 - A4 Poster Board Assorted
- RBG100A4250 - A4 Digital Paper white (optional)
