- Rainbow Product: Assorted Rainbow Cellophane.
Can be found across the large range of Rainbow Cellophane products.
- RCPA450015AS - A4 Assorted Cover Paper.

CRAFT TEMPLATE:

Available at
www.austpaper.com.au

INSTRUCTIONS

1. Using the templates provided or create your own designs. Lightly sketch down with a pencil the areas of your design you need to cut out.
2. Carefully using a scalpel cut out the areas you need too. It's a good idea to use a straight edge steel ruler to help guide you with your straight cuts.
3. Once all your areas are cut, turn your stencil upside down. At this stage you need to work out your cellophane colours and how much cellophane you need for each area.
4. Use scissors to cut out your cellophane. Don't worry about the edges being too straight, as these will be hidden by your stencil.
5. Carefully stick down your cellophane, using glue or sticky tape. Continue until you have filled up all your areas. Once finished tape your stencil to a window for best effect.
